PREFACE

We are very pleased to present the 34th volume of *Tsukuba English Studies*, a series of working papers which carries contributions by current and former graduate students at the University of Tsukuba. All contributors are members of the Tsukuba English Linguistic Society (TELS).

This volume contains papers on a variety of subjects in syntax, semantics, morphology, and pragmatics, reflecting the catholicity of our interests in linguistics. It also includes the summaries of the papers presented at the 35th annual meeting of the TELS, held at the University of Tsukuba in the autumn of 2014, and indexes of Volumes 1-33 of *Tsukuba English Studies* as an appendix. We hope that the works in this volume will prompt and stimulate fruitful discussion and contribute to further research in current linguistic theory.

We would like to thank the following people for their continuing and helpful assistance in our editorial work: Tatsuhiko Okubo, Keita Ikarashi, Toshinao Nakazawa, and Teppei Otake.
