

List of Tables

Table 2.1	Description, Mean, and Standard Deviation of Main Variables	28
Table 2.2	Estimated Coefficients of Equations (2.19) and (2.20) with the Relations (2.21) Incorporated	29
Table 2.3	Estimated Coefficients of Equations (2.22) and (2.23) with the Relations (2.24) Incorporated	30
Table 2.4	Comparison of the Estimated Internal Wage with the Market Wage	31
Table 2.5	Estimated Elasticities of Rice Supply and the Internal Wage	32
Table A.1	Comparison of the Conventional and Alternative Decompositions	42
Table 3.1	Price Elasticities under Three Types of Market Failures	53
Table 3.2	Shifts and Slopes of the Demand and Supply Functions of Food and Labor	54
Table 4.1	Work Hours of Japanese Rice Farmers in 1982-91	75
Table 4.2	Estimated Parameters of the Translog Production Function	76
Table 4.3	Estimated Parameters of the Stone-Geary Utility Function	77
Table 4.4	Estimated Male and Female Internal Wages	78
Table 4.5	Price and Full Income Elasticities with (Other) Internal Wage(s) Being Fixed	79
Table 4.6	Selected Elasticities of the Internal Wages and Quantity Variables under Four Types of Market Failures	80

List of Figures

Figure 1.1	Causes for Market Failures Faced by Agricultural Households	7
Figure 2.1	The Internal Market for Labor within the Household	33
Figure 2.2	Response of the Supply of Farm Commodity to a Change in Its Price	34
