# **Neuroanatomical Studies on Spatial Representation of Olfactory Information in the Brain of the Silkmot**

**A Dissertation Submitted to  
the Graduate School of Life and Environmental Sciences,  
the University of Tsukuba  
in Partial Fulfillment of the Requirements  
for the Degree of Doctor of Philosophy in Science  
(Doctoral Program in Functional Biosciences)**

**Yoichi SEKI**

## CONTENTS

<b>Abstract</b>	2
<b>Abbreviations</b>	3
<b>1. Introduction</b>	4
1.1. General introduction	4
1.2. Projection map from the subdivisions of the MGC	8
1.3. Morphological analysis of antennal lobe local interneurons	11
1.4. Methodology	14
<b>2. Materials and Methods</b>	16
2.1. Preparation	16
2.2. Intracellular staining with newly developed methods	16
2.3. Anti-cGMP immunohistochemistry	17
2.4. Double labeling of LY staining of a single PN with anti-cGMP immunostaining	19
2.5. Labeling of antennal sensory axons	20
2.6. Whole staining of the antennal lobe	20
2.7. 3-D reconstructions of the labeling neurons	20
<b>3. Results</b>	22
3.1. Newly developed intracellular staining methods	22
3.2. Projection map in the protocerebrum from subdivisions of the AL	23
3.2.1. Anti-cGMP immunostaining	23
3.2.2. Analysis of projection sites in the LPC from subdivisions of the AL	26
<i>Toroid-PNs</i>	27
<i>Cumulus-PNs</i>	28
<i>Horseshoe-PN</i>	28
<i>G-PNs</i>	29
3.3. Morphological classification of LNs	30
3.3.1. Organization of the antennal lobe	30
3.3.2. Criteria for classification of LNs	31
3.3.3. Analysis of each type of LNs	32
<i>Type I LNs</i>	32
<i>Type II LNs</i>	33
<i>Type III LNs</i>	34
<i>Type IV LNs</i>	35
3.3.4. Distribution of the cell bodies in the LC	37
3.3.5. Comparison of the synaptic region among ORNs, PNs and type I LNs	38
<b>4. Discussion</b>	40
4.1. Newly developed intracellular staining methods	40
4.2. Projection map in the protocerebrum from subdivisions of the AL	41
4.2.1. ΔILPC: landmark in the LPC	42
4.2.2. Identification of the pheromone processing center in the LPC	43
4.2.3. Integration and segregation of pheromone information	45
4.3. Morphological classification of LNs	47
4.3.1. Comprehensive sampling of LNs in the lateral cell cluster of the AL	48
4.3.2. Neural circuits within single glomerulus	49
4.3.3. Relationship between LNs and functional representation of the AL glomeruli	51
4.4. General discussion	53
<b>Acknowledgements</b>	57
<b>References</b>	58
<b>Figures and Legends</b>	72
<b>Tables</b>	113
