

Acknowledgments

I wish to express my sincere appreciation to Professor S. Sakai of the University of Tsukuba and Dr. Honma of Saitama Cancer Center Research Institute for their invaluable suggestions and constructive criticism throughout the course of my research.

My sincere thanks are also due to Dr. T. Kasukabe, Dr.J.Kado and Dr.Y.Yamaguchi (Saitama Cancer Center Research Institute) and Professor H.Kamada (University of Tsukuba), Associate Professor S.Satoh (University of Tsukuba), for their valuable suggestions and encouragement. Special thanks must be accorded to all members of our laboratory for their constant encouragements and useful discussion.

I am also grateful to Professor J.Hayashi (University of Tsukuba) and M.Takahashi (University of Tsukuba) for their valuable suggestions and constructive criticism for the preparation of the manuscript.
