

# Acknowledgment

I am very grateful to Dr. Y. Hashimoto for his direction and continuous encouragements. I would like to thank Prof. K. Yabana for his many useful suggestions and discussions. I wish to thank Prof. Matsuyanagi for his various discussions and advices concerning RPA calculation of the superdeformed band of  $^{40}\text{Ca}$ . I also thank Prof. F. Sakata, Prof. N. Tajima, Dr. S. Mizutori, Dr. T. Nakatsukasa, Dr. K. Hagino, Mr. M. Yamagami and Mr. T. Inakura for valuable discussions and comments. I wish to express my thanks to Dr. T. Une and M. Ueda and other members of the nuclear theory group of University of Tsukuba for their supports and discussions. The computational calculations were performed by YITP, Kyoto University and RCNP, Osaka University.
