

Acknowledgments

I wish to express my sincere appreciation to Associate Professor S. Satoh of the University of Tsukuba for his invaluable suggestions and constructive criticisms throughout the course of my research.

My sincere thanks are also extended to Professor S. Sakai (University of Tsukuba), Professor H. Kamada (University of Tsukuba), Professor Y. Tanaka (University of Tsukuba), Professor Y. Shiraiwa (University of Tsukuba) and Professor O. Numata (University of Tsukuba). I am also indebted to Assistant Professor T. Mizoguchi (University of Tsukuba), Dr. C. Sakuta (University of Tsukuba) and Dr. S. Masuda (Noda Institute for Scientific Research).

Special thanks are accorded to all the members of our laboratory for their constant encouragement and useful discussion. I am also grateful to Associate Professor M. Ono, Dr. T. Saitou, Dr. S. Yamakawa, Dr. K. Sage-Ono, Dr. K. Sakamoto, Dr. S. Kamachi, Dr. T. Watanabe, Dr. Ando, Dr. H. Iwai, Mr. Y. Hirata, Mr. M. Asahina and Ms. M. Shimizu for their valuable suggestions related to several experimental techniques and the results of my research.
