Table of contents

I.	Introduction-----	1
II.	Review of literature-----	9
	1. Taxonomy of <i>Uromyces viciae-fabae</i>	
	2. Taxonomy of <i>Uromyces appendiculatus</i> and <i>Uromyces vignae</i>	
III.	Methods-----	19
	1. Morphological analyses-----	19
	Morphological observations	
	Statistical analyses	
	2. Molecular phylogenetic analyses-----	20
	DNA extraction	
	PCR amplification	
	Sequencing	
	Sequencing alignment and analyses	
IV.	<i>Uromyces viciae-fabae</i> -----	26
	1. Morphological analyses-----	26
	Materials	
	Results and discussion	
	2. Molecular phylogenetic analyses-----	37
	Materials	
	Results and discussion	
	3. Taxonomic discussion-----	48

V. <i>Uromyces appendiculatus</i> and <i>Uromyces vignae</i> -----	52
1. Morphological analyses-----	52
Materials	
Results and discussion	
2. Molecular phylogenetic analyses-----	71
Materials	
Results and discussion	
3. Taxonomic discussion-----	86
Abstract-----	91
Acknowledgements-----	94
Literature cited-----	96
Appendix 1: Sequence alignment of <i>Uromyces viciae-fabae</i>	
1-1: Sequence alignment of D1/D2 regions	
1-2: Sequence alignment of ITS regions including 5.8 S rDNA	
Appendix 2: Sequence alignment of <i>Uromyces appendiculatus</i> and <i>U. vignae</i>	
2-1: Sequence alignment of D1/D2 regions	
2-2: Sequence alignment of ITS regions including 5.8 S rDNA
