

STUDIES ON ALLELOPATHIC POTENTIAL OF  
*Tithonia diversifolia* IN SOIL

Division of Applied Biochemistry  
Doctoral Degree Program in Agricultural Sciences  
University of Tsukuba

Suthep Tongma

99311289

## Contents

	Page
Introduction	1
Chapter 1 Phytotoxic activity of water extract from <i>Tithonia diversifolia</i> (Mexican sunflower)	11
Introduction	11
Materials and Methods	12
Results and Discussion	15
Summary	20
Chapter 2 Phytotoxic activity of Mexican sunflower in soil	25
Introduction	25
Materials and Methods	26
Results and Discussion	30
Summary	35
Chapter 3 Effect of soil factors on phytotoxic activity of water extract from Mexican sunflower leaves	43
Introduction	43
Materials and Methods	44
Results and Discussion	46
Summary	50
Chapter 4 Phytotoxic activity of water leachate from Mexican sunflower leaves in soil	56
Introduction	56
Materials and Methods	57

	Page
Results and Discussion	59
Summary	63
Chapter 5 Effect of water movement on phytotoxic activity of water extract from Mexican sunflower leaves in soil	68
Introduction	68
Materials and Methods	69
Results and Discussion	71
Summary	75
Chapter 6 Effect of water stress on phytotoxic activity of Mexican sunflower	84
Introduction	84
Materials and Methods	85
Results and Discussion	88
Summary	94
General discussion	100
Summary	119
References	124
Acknowledgments	143
